

## **Tower Sound- Integration Profile**

### ***Rochelle High School Main Gym, Auxiliary Gym, and Commons- Rochelle, IL***

Tower Sound completed an overhaul of systems in both gyms and the commons area, including new speakers, microphones, control protocol, & network integration. To maximize flexibility, all 3 spaces can be operated independently or together depending on the needs of the event.

### ***Winnebago High School Gym & Cafetorium- Winnebago, IL***

Winnebago CUSD enlisted our expertise to integrate new PA systems in the main gym and cafetorium areas. The updated system will be used for a myriad of different events including concerts, theatre productions, games and assemblies.

### ***Joe Parks Athletic Complex- Byron, IL***

Byron CUSD was provided with new audio systems for the baseball, softball, and soccer facilities. Systems can be used for games and practices alike throughout the season.

### ***Doug Creason Athletic Complex- Rochelle, IL***

Between 2021-2022, Tower Sound designed and installed new audio systems at the Doug Creason Athletic Complex in Rochelle. This work included systems for the football/track stadium, baseball, softball, and soccer fields, as well as the tennis complex.

### *Meridian High School Weight Room- Stillman Valley, IL*

Meridian High School trusted Tower Sound to provide new audio & visual components in their new weightroom space. This installation included audio playback via professional grade powered speakers, a pair of 75" televisions for instructional video playback, and projector with a large format retractable screen for football film study.

### *Cornerstone Family Church- Byron, IL*

Tower Sound provided a new audio system including speakers, amplifiers, wireless microphones, and a digital console during a facility renovation at Cornerstone Family Church in Byron. The church now has the audio system needed to service their growing congregation.

### *River's Edge Experience- Oregon, IL*

As one of the premier wedding and event venues in the area, River's Edge tapped Tower Sound to provide venue wide audio throughout the facility. Even with various acoustic challenges presented in the space, Tower was able to deliver a system that continues to exceed expectations.

# Let's add your next project to the list!
